Able to diagnose patients with problems related to impacted wisdom teeth

Confidently formulate treatment plan for impacted wisdom teeth

Assess the risk associated with surgical removal of impacted wisdom teeth

Perform simple surgical extraction of soft tissue impacted wisdom teeth

Manage complications associated with surgical removal of impacted wisdom teeth

7 September 2024, Saturday  
9am - 6pm

Amara Hotel Singapore  
165 Tg Pagar Rd, Singapore 088539

Dr Noah Teo graduated with a Bachelor of Dental Surgery from the National University of Singapore in 2003 and completed his Master's degree in Oral & Maxillofacial Surgery in 2010.

Dr Noah Teo is an experienced OMS Surgeon (Oral Surgeon) in Singapore. He is also experienced in complex Impacted wisdom teeth, Jaw Cysts and Jaw Alignment surgeries. He was trained in Singapore and the United Kingdom, where he had sub-specialist training in facial injury and restoration under the tutelage of a top 50 UK Surgeon.

Dr Noah was a Consultant in Oral & Maxillofacial Surgery in a tertiary hospital in Singapore and he currently is accredited with various hospitals in Singapore. Dr Noah frequently receives referrals for complicated surgery and second opinions. He is regularly invited as teaching faculty and speaker; and has presented his research in a European Conference. He has also published several research papers in international journals. He was invited to write a chapter on dental implants in a surgery textbook.
